

Corrigendum-1 to Two Bid Web Press e-tender 8000000737 dated 30-June-2017, closing on 01-Aug-2017, for for 'Fabrication of hull units of P17A ships (Y-12651 & Y-12652) at MDL facility at Nhava Yard'

Date: 13-July-2017.

**CORRIGENDUM-1 TO E-TENDER 8000000737**

E-tender 8000000737 is hosted on MDL's e-portal <http://eprocuremdl.nic.in>, MDL's website & NIT in the newspapers.

**Clarification:-**

1. Quantity for Sr. No 1 (i.e. Unit fabrication using Steel plates bulb bars for Y-12651 and Y-12652. Material- DMR 249A) was inadvertently mentioned as 240 Ton in BoQ rate sheet on MDL's e-portal <http://eprocuremdl.nic.in>. The same shall be read as 340 Ton. With this corrigendum, quantity is corrected and made 340 Ton on MDL's e-portal. E- Tender id is now [2017\\_MDL\\_69883\\_2](#).
2. Weight of Skid will be a design estimate of weight of angle and bars as per dimensions used multiplied by number of members to arrive at total skid weight. The same will be physically verified by the sight In-charge.
3. Scrapped skid materials excluding strong back-ups can be taken away by contractor as he is the sole owner of the material. Even though back-ups belong to vendor they will be retained by MDL along with the units.

All other terms and conditions including tender closing and opening date will remain same.
